

## LEARNING PLAN: INSTRUCTIONS

This unit is designed around modules and the principle that *the more you learn, the more you earn*. Since the number of tasks that you need to complete depends on your target grade, this impacts the deadlines for each of the tasks. You will have more time to complete the core tasks if you aim for a Pass than if you aim for a higher grade. Therefore, we have set different deadlines depending on your aim.

Your first task is to select a grade and submit the learning plan in accordance. In the **Resources** button on this OnTrack page you will find a Word document named **Learning Plan SIT281** containing a table with all the deadlines for your target grade (see Figures 1–3).

All you need to do is upload the **Learning Plan SIT281** document for your target grade, becoming aware of the deadlines and signing it. This learning plan will serve as a contract between you and your teaching team.

### 1. WHAT IF YOU ARE UNSURE WHAT GRADE TO TARGET?

You can change your target grade at any time. For now, just pick the grade you are most comfortable with. If you are hesitating between two grades, I advise you to pick the higher one. The deadlines will be

sooner, and if you ever need to downgrade, you can simply relax the deadlines (see Figure 3).

## 2. MORE ADVICE?

For further information, please go to **Start Here! - Induction module** on the unit site.
